

We are very excited about our firm's ongoing success. We are continuing to grow with more lawyers and support staff joining us. Our team of dedicated lawyers continue to deliver outstanding results in all areas of their practice: including in trial and at the Court of Appeal. We have also recently updated our website with a fresh new look and a more interactive and user friendly format. On the homepage you will find our latest video "What Makes Us Different."

The new auto insurance legislation changes take effect on September 1, 2010. Please visit our web site www.neinstein.com for detailed summaries on the new changes. Please contact us to arrange seminars to fully explain the changes and their impact.

The Ontario Court of Appeal released a significant decision protecting the rights of Plaintiffs to seek compensation for injuries suffered outside of Ontario.

In *Van Breda et al v. Village Resorts Limited et al*, the Plaintiffs, represented by Neinstein & Associates were challenged by foreign Defendants (Superclubs) after they were sued in Ontario for devastating injuries sustained while our client was vacationing in Cuba. Superclubs operated the Cuba resort and were based in the Cayman Islands; however the Plaintiffs contracted to visit the resort through the foreign Defendants' agents in Ontario.

The Court of Appeal upheld the ultimate conclusion that Ontario is the proper jurisdiction for Ms. Van Breda's claims to be pursued.

Neinstein & Associates continues to show its commitment to do whatever is required to advance their clients' claims.
